

Project Profile

Hard Rock Stadium | Miami, FL

SRG Roofing is pleased to announce the successful completion of its roof coating logo project on the Hard Rock Stadium located in Miami, Florida. In 2016, the stadium went through a \$500 million renovation project and SRG Roofing was contracted to apply the two custom stenciled Hard Rock Stadium logos on the roof. This project was spurred by the partnership between SRG Roofing and National Coatings. SRG Roofing applied 29,750 square feet of custom color matched silicone roof coating that was manufactured by National Coatings. SRG Roofing is an Approved Applicator for National Coatings and was able to provide the client with a 10 year full system warranty that covers both labor and material defects. If you have a similar project and would like for SRG Roofing to provide you with a quote, please visit www.srgroofing.com or call us 855.860.3732.
