## Texas Woman's University | Denton, TX

SRG Roofing is pleased to announce the successful completion of its shingle roofing project at the Lowry Woods Apartments located on the Texas Woman's University campus in Denton, Texas. In April of 2014, Denton was hit with a substantial sized storm that created grapefruit sized hail. SRG Roofing was contracted through the TIPS Purchasing Cooperative system to furnish and install new Life Time architectural shingles on the Lowry Woods on campus student apartments. SRG Roofing installed 98,700 square feet of Timberline Ultra HD shingles that were manufactured by GAF. SRG Roofing is a Master Elite certified contractor for GAF and was able to provide the client with a full system warranty that covers both labor and material defects. If you have a similar project and would like for SRG Roofing to provide you with a quote, please visit [www.srgroofing.com](http://www.srgroofing.com) or call us 855.860.3732.
